The Max Headroom broadcast signal intrusion was a television signal hijacking occurring in Chicago, Illinois, United States, on the evening of November 22, 1987, involving at least two unknown individuals. It is an example of what is known in the television business as broadcast signal intrusion. Two Chicago television stations had their broadcast signals hijacked by an unknown person wearing a ...

Analog television or analogue television is the original television technology that uses analog signals to transmit video and audio. In an analog television broadcast, the brightness, colors and sound are represented by rapid variations of either the amplitude, frequency or phase of the signal.. Analog signals vary over a continuous range of possible values which means that electronic noise ...
