About Google. In 1996-1997, Larry Page and Sergey Brin came up with an algorithm to rank web pages, called PageRank. Realizing the potential to improve search engines, they tried and failed to sell the technology to any. So they founded Google, which in an incredibly short period of time has become one of the world's most powerful companies.

Homesteading in the suburbs is not yet commonplace, but the practice is now deemed more socially acceptable and less frowned upon by at least some homeowners associations. It's possible to turn a suburban home and backyard into not only a homestead, but a true survival homestead, but keeping it a secret will be very difficult and you shouldn't not entirely, anyway.

### **The Ultimate Suburban Homesteading Guide | Survival Sullivan**

Burnup charts use two separate grid lines to track the work that has been completed and the total amount of work already done. The total work done line can provide vital information to the team about why the project is not finished.
